

How to Make a Wiggly Paper Fish!

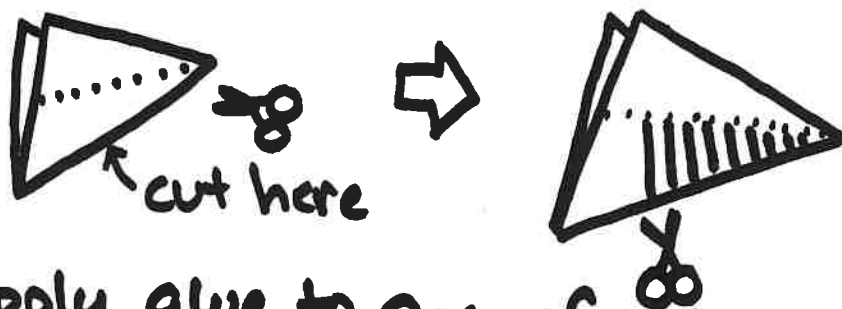

- 1) Fold a square of paper in half along the diagonal. Unfold.

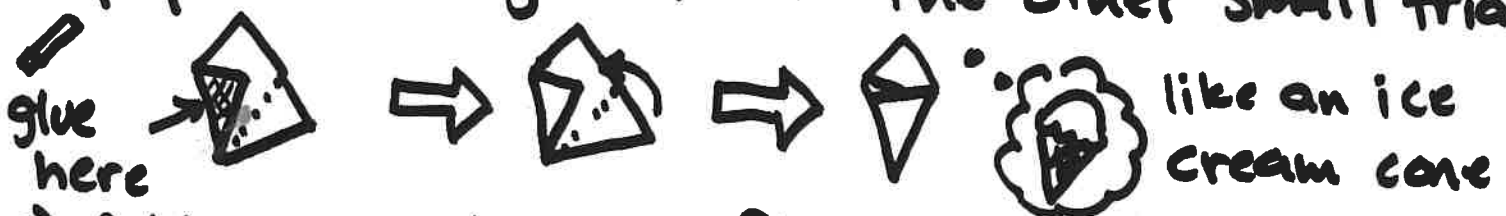

- 2) Fold the two sides in so that the edges touch the center fold and the paper looks like a kite. Unfold.

- 3) Re-fold the paper along the first diagonal crease. Make small cuts along the folded edge up to the crease line.

- 4) Apply glue to one of the small triangles of paper, then glue it to the other small triangle.

- 5) Add a mouth, eyes, fins, a tail, and other decorations!
