

Cherry Blossom Decor

Springtime is around the corner! Let's decorate for spring with cherry blossoms! Cherry blossoms are famous spring flowers! They are beautiful but short lived – we can keep them around longer by creating our own cherry blossom decor!

Materials:

- Any colored paper
- Brown marker
- Pink crepe/tissue paper (or any pink paper you have!)
- Glue
- Scissor
- Stapler (or tape)

Instructions:

1. Take your paper and cut off a ½ inch strip from the top (short end) to use as a

handle later on.

2. Take your brown marker and draw branches.

3. Take a sheet of your crepe paper and cut them into 1 inch strips.

4. Flip the paper over and glue the top of the 1 inch strips of crepe paper onto one

of the short ends of your paper.

5. Take any leftover 1 inch strips of crepe paper and cut them into squares.
6. Scrunch your squares up to make cherry blossoms.

7. Glue them all over your branches until you are satisfied.
8. When your glue has dried, roll your paper up so both short ends meet and staple (or tape) them together.
9. Lastly, staple (or tape) the handle on top and you are done! Now you have a springtime cherry blossom decor you can hang around at home to usher in the

new season!
